CLERK OF COURTS
CUYAHOGA COUNTY

IN THE COURT OF COMMON PLEAS
CUYAHOGA COUNTY, OHIO

Plaintiff,

v.

Defendant,

CASE NO.: CV 22 969917

JUDGE: BRENDAN J SHEEHAN

**DEFENDANT'S MOTION FOR SHOW
CAUSE HEARING VIA ZOOM**

Now comes Defendant, William Horner, by pro se representation who respectfully requests the show cause hearing scheduled for March 8th, 2023, at 8:30a be conducted via Zoom vs being held in person in courtroom 22-C.

The primary reason for this request is safety. Defendant has already been assaulted by Westlake police officers armed in tactical body armor with M-16 when he was hauled out of his attorney's office in handcuffs without a warrant, illegally searched, and illegally incarcerated in a mental institution. This was done in collusion with the FBI with the help of the Cuyahoga County Court of Common Pleas who has since "expunged" the records to cover up the illegal incarceration so that "the case never existed."

(As quoted by Heather the probate court gatekeeper.)

Further, an outstanding bench warrant issued by Judge Brian F. Hagan exists against Defendant issued in relation to fabricated drug charges trumped up by ██████████ Police Dept. ██████████. This bench warrant was issued after Defendant “failed to appear” for the SECOND scheduled court date associated with this case. The reason Defendant failed to appear for this second scheduled court date was because he drove nine hours to Cleveland, stayed overnight in a hotel, and drove nine

hours home from Cleveland after appearing for his FIRST scheduled trial. He waited patiently in a courtroom for an hour for a Judge that never showed up, a prosecutor that never showed up, a policeman making perjurious allegations that never showed up, and a retained and paid defense attorney that never showed up all while watching his name scroll across the Court docket schedule for that day in the courthouses foyer.

After more than two years of waiting, defendant still does not have his constitutionally protected attorney in this case, has been provided zero evidence despite having an ordered Bill of Particulars by Judge Hagan to be given him, and still does not have a trial date in direct violation of his 6th amendment rights to a "speedy and public" trial. The risk of Defendant being arrested on the bench warrant for this fabricated case and then held in prison without trial or attorney indefinitely is simply too high given what Defendant has experienced so far at the hands of your Honor's jurisdiction.

Finally, Defendant's stolen .32 Kel-Tec pistol, for which formal complaint [REDACTED] [REDACTED] has been filed with [REDACTED] Police Dept. is still unaccounted for while at the same time there is a \$1 million murder bounty on Defendant's head instituted by Judge Tonya R. Jones of the Domestic Relations court with Plaintiffs slated as sole beneficiaries. Given the abuses experienced by Defendant at the hands of local police already (assault, arrest/detainment without warrant, drug charge/evidence fabrication) the risk Defendant is pulled over by a police officer for a busted tail light and then executed with his stolen weapon being planted on him so the officer can say Defendant pulled a gun on him is simply too high given what Defendant has experience so far at the hands of your Honor's jurisdiction.

Perhaps if SWAT officers weren't assaulting citizens before arresting them without warrants in your jurisdiction these precautions wouldn't be necessary your Honor. Perhaps if court houses weren't ghosting records to cover up FBI foul play and keep father's children from them in your jurisdiction these

precautions wouldn't be necessary your Honor. Perhaps if police officers made arrests for properly reported stolen firearms and Judges weren't establishing \$1million murder bounties in your jurisdiction these precautions wouldn't be necessary your Honor. Perhaps if constitutionally protected attorneys were assigned and speedy and public trial dates were set in your jurisdiction in keeping with the 6th amendment to the United States Constitution these precautions wouldn't be necessary your Honor.

Unfortunately, the People's Republic of Cuyahoga County has trouble with these very basic, constitutionally protected, American civil rights/values and thus **it is simply not safe for Defendant to return** for fear of further illegal persecution to stack onto those illegal persecutions he's already suffered at the hands of your Honor's jurisdiction.

Wherefore, Defendant respectfully moves this Court to hold the March 8th 2023 show cause hearing via zoom and formally notifies this court herein that should the hearing not be changed from an in-person hearing to a zoom hearing that Defendant will not be attending for personal and reasonable safety concerns related to a long line of heinous and documented civil rights and personal sovereignty violations suffered at the hands of this un-American government.

Respectfully Submitted,

William E. Horner
